ICEBERG

1. We are anxious to know approximately when the four candidates in reference will be cleared to go ahead with their radio training.

2. We have originally agreed to determine the radio aptitude of the potential recruit you have in the Salzburg area. [REDACTED] said he would let us know when we may administer the aptitude test, but to date we have not been advised of any new developments. We assume these arrangements are still in effect.

3. Your earliest approximation on training dates would be greatly appreciated here particularly in enabling us to plan the training instructors' schedules.
